Catherine Share, MD, is part of SMMC's outstanding team of medical and radiation oncologists, pathologists, radiologists, and nurses who work collaboratively with the **Maine Center for Cancer Medicine** to offer a multi-disciplinary approach to cancer care.

SMMC offers:

- High resolution **digital mammography** at 4 Shape Drive in Kennebunk, 9 Healthcare Drive in Biddeford, and at the hospital
- **Stereotactic mammographically guided breast biopsy equipment** that uses ionizing radiation to help guide the radiologist's instruments to the site of abnormal growth to ensure outstanding resolution for the biopsy of microcalcifications
- **Ultrasound** to aid in performing core needle biopsies
- **Partial breast irradiation**, which allows patients to complete their treatment in one week instead of the traditional six weeks of radiation therapy.

If you want the very best in breast cancer care look no further than SMMC. To learn more, visit smmc.org or call Dr. Share's office at **207.284.4597**.
