

25% of the bones in the human body are found in the foot and ankle.

And now 100% of the specialized foot and ankle care you need can be found at SMMC.

Fellowship-trained foot and ankle specialist Gregory Taggart, MD, has joined SMMC PrimeCare Orthopedics!

When you need an orthopedic specialist, you want to see someone who has seen a lot. From holding teaching positions at some of America's leading medical schools to surgical service in three theatres of war, **Dr. Taggart** has the experience you can count on:

- Major in the U.S. Army Reserve, surgeon in Bosnia, Iraq & Afghanistan
- Fellowship-trained surgical specialist
- Yale University School of Medicine, Dept. of Orthopedics & Rehabilitation, Assistant Clinical Professor
- University of Massachusetts Medical Center, Dept. of Orthopedics & Rehabilitation, Assistant Professor

From sports medicine, reconstructive surgery, and trauma surgery to diabetic care and lower extremity wound care, Dr. Taggart is ready to help you put your best foot forward. He is accepting new patients.

For an appointment call 283-1126.

Dr. Taggart joins, from left, David Markellos, MD, Peter Dollard, MD, John Solari, MD, David Johnson, MD, Jeff Nicoletti, PA-C, and Eric Smith, PA-C.
